For the attention of Mr. Charly Gaber - Manager, Airworthiness & Certification

Dear Sir,

**BERMUDA ACCEPTANCE OF TYPE CERTIFICATION, REFERENCE BDCA TAC 135**

This is to confirm that the Director of Civil Aviation, Bermuda, in exercise of the powers of the Governor of Bermuda under the Air Navigation (Overseas Territories) Order 2013, as amended, for the time being in force, has accepted the **Gulfstream Aerospace LP** Type Certificate for the **Gulfstream G280** aircraft as expressed in Type Certificate **FAA TC-A61NM** as amended, and all related engine types expressed in Type Certificate Data Sheet No **FAA E00010LA**.

The above Type Certificate and any future revisions are deemed to satisfy the provisions of Article 23 of the said Order and is rendered valid for registration and certification of aircraft of this model, on the Bermuda Register of Aircraft, with a Certificate of Airworthiness in any category.

No Special Conditions are imposed upon this acceptance but applicants will be required to demonstrate that the scale of the aircraft equipment required by Article 35 of the said Order is complied with or provide exemption justification for any areas of non-compliance. Compliance must also be demonstrated with respect to the radio equipment of the aircraft.

I would be grateful if you would pass copies of this letter to the engine manufactures and officials within or outside of your organization who may be concerned with the requirements to export this aircraft model to Bermuda.

Yours faithfully,

Denis Glasford  
Senior Airworthiness Safety Inspector
