BCAA Applicability Matrix –Overseas Territory Advisory Circulars (OTACs), Bermuda Advisory Circulars (BACs), Notices

1. PURPOSE

- 1.1 Air Safety Support International (ASSI) is a not-for-profit, wholly-owned, subsidiary company of the United Kingdom Civil Aviation Authority. ASSI's primary objective is to help provide a cohesive system of civil aviation safety legislation and requirements in the UK Overseas Territories (OTs).
- 1.2 In addition to producing legislation and requirements ASSI also develop Overseas Territories Advisory Circulars (OTACs) which for the most part are applicable in Bermuda. This Matrix that follows provides guidance on the applicability of these documents to BCAA and BCAA stakeholders.
- 1.3 This policy is not applicable to legislation or OTARs which are mandatory, unless an exemption or deviation has been issued in accordance with prescribed ASSI Policy and BCAA procedure.
- 1.4 BCAA will also produce Bermuda Advisory Circulars (BACs) and Notices, which will supplement ASSI documents or provide guidance particular to BCAA stakeholders. These Advisories and Notices will be published on the BCAA website at www.bcaa.bm under Regulations.
